Quilter's Tips for this Pattern

All seam allowances are 1/4 inch, unless otherwise noted.

WOF is short hand for Widh Of Fabric.

Pattern assumes WOF is 40-42 usable inches.

Read through instructions before beginning.

During the construction of the blocks, seams were pressed using only fingers until after I put the blocks together into rows, then I used the iron.

Unfinished blocks are 16.5-inch square.

Prepping your HST's and Solid Squares

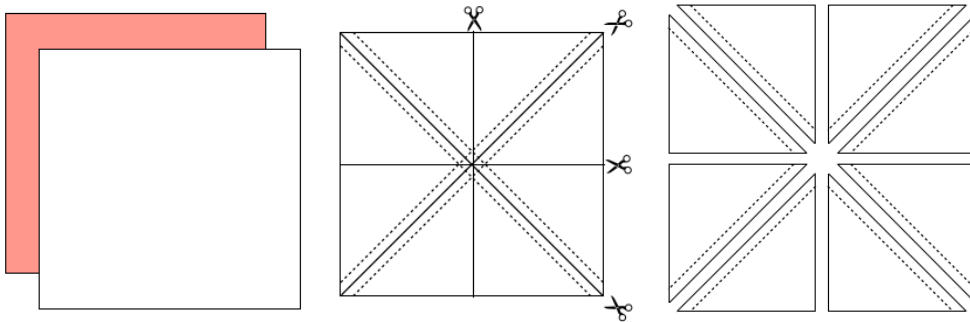

On each 7-inch and 11-inch white squares, draw two opposite diagonal lines corner to corner, one vertically down the center and one horizontally through the center.

Place the two fabrics (one white and one print/solid) on top of each other. Right sides together, meaning if one is a print (or even both), then the print should be facing the other fabric.

Stitch one line 1/4-inch from each diagonal line on each side. You will have a total of 4 stitched lines.

To cut out your unfinished half-square triangles, cut on each of the four drawn lines, not the sewn lines.

Open them up to reveal your 8 beautiful half-square triangles! Press seams open!

(Per block) Draw one diagonal line on each orange solid 2.5" square, one yellow solid 2.5" square, one green 2.5" square, one gray 2.5" square, both black 2.5" squares and the 4.5" beige square.

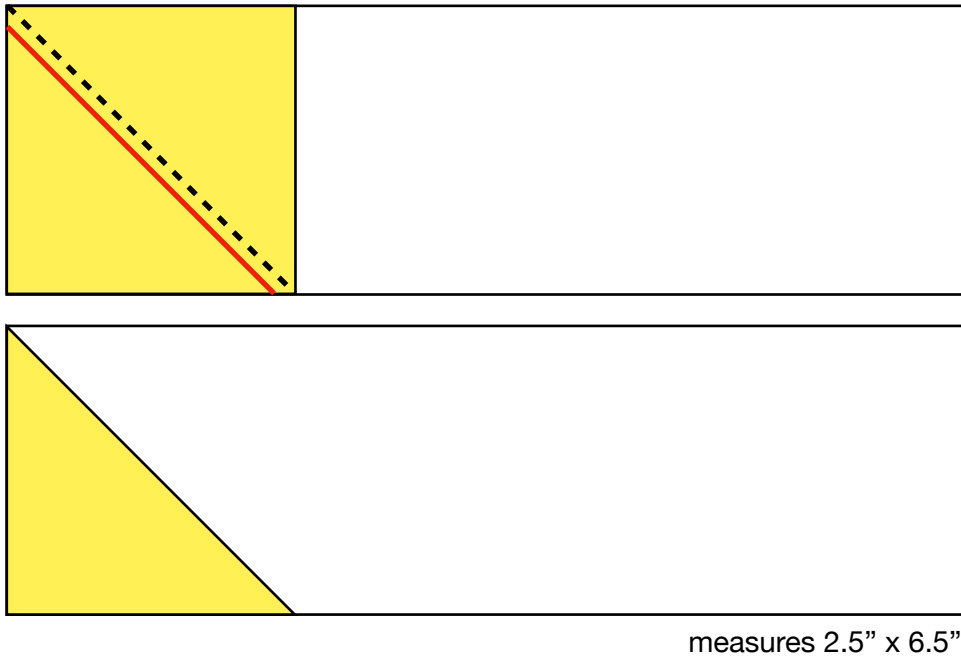

(If you are not doing block by block, rather each step for all blocks at one time then draw one diagonal line on all the above mentioned.)
